Subject: TX Regional Haze trading program

We would like to continue discussions on specific aspects of the trading program, including retired units and the compliance assistance/emergency pool. It looks like tomorrow at 10:30 am works for the EPA folks.

Please let me know if you are available at that time and please forward to anyone that should be included. I'll send out a schedule invite and a call in number once I hear back on the time.

Thank you,

Michael Feldman, PhD
